I found

I was
passed from

233 Curiosity Killed the cat.

Oh ravenous
fortress.
Piken
Murlals

It's because
this girl's an
important
specimen,
her! *EE*

He said that
you were his
apprentice,
didn't he?

Oh,
I see

Alum...
was,
what?

Specimen...

Poor,
foolish child.
He's deceiv-
ing you

Stop that! You're a dagger too, aren't you?

*when all the
while you're only
interested in
satisfying your
own curiosity.*

*You take in
a child who
hasn't long to
live and find
her an easy
hope.*

*You don't lie.
You just don't
tell her the truth,
that's all.*

*We don't
like lying.*

*I've never
lied to China,
and I've never
broken her
spell.*

*Then you
seduce people
with sweet
words.*

*Of course,
of course.
You just keep
the truth hidden,
don't you?*

Your body
is in dire
straits.

and he hasn't
flashed a finger
to help you
because he's
curious about
what's going
to happen.

What?

Did
she just
laugh?

It's best
of warmth,
Miss Cleo.

Especially so
if they know
the item is on
their bodies by
providing insight
or clarity.

It's common
for them to
be young,
unaware of their
condition.

That
dirty
april...

Haven't
you felt your
condition
worsen lately?

You were
probably
stealing the
whole time you
lived here.

You can't
expect love
or kindness
from such a
cold one.

Isn't nothing
but an illusion,
playing at being
a man.

Shadows of
memories...

Did you
forget?
I am
shadow.

In who
walks in the
shadows of
thorns.

Dark...

Do you really think that buying a human's soul will get you punished?

How fitting that even a life, so close to becoming fully human, would be taken by a spirit.

...How did you find out about China, anyway?

Human-centric as men, aren't you, Kurofudo.

Ph.

If even I, official, and everything that happened there was supposed to be kept secret.

I thought you disliked nations. How did you know about that one?

And what use would you have for the man of thought?

Are you
the one they
call the
Witch of
Home?

Yes.

First
Name

...Mmm.

That's me.

Ack.

Wasn't
expecting
such a /lo-
squeak,
were you?

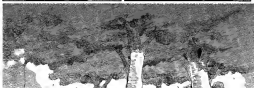

Maybe
he was going
to chop some
firewood.

I wonder
where he's
gone...

... The girl
is really kind.
Feeling about
this...

Good,
and you
didn't!

You don't
look so
good!

Maybe...

Maybe...

第7篇 Love conquers all.

What are you talking about?

Matthias—
What—

What?

Matthias?

But...

The
cats...

Oh, those
Troyes the
magnificent.

all of those
cats...

Remember
that wizard
who came by
a while ago
to look at
you?

We told you
that this elixir
would make
you better!

He's not here!!!!

!

I can't move?

FOR YOU
I CAN DO
ANYTHING

It's all right.
Don't be
scared..

The
shadows
are
waiting

Find!

What
have
you
done
to
my
body?

Just drive,
that and you'll
be free of
your riding
body.

Who knows,
you might
even find the
journal!

Trust me,
it's miraculous
working.

So don't
be shy.
Become my
lab rat.

Here?

I just
made her
trust me a
little more
than usual.
That's all.

A failure.
The specimen
won't be
born.

Oh,
poor.

Easier to
process than
humans, but the
stronger instincts
mean that the
cave left by killing
them is stronger
too...

I guess
animals are
nothing but
animals in
the end

Huh.

Thanks for
providing me with
these test results,
as I really do
appreciate it

Oh well,
back to the
beginning with
researching
real compensa-
tion for me

And as I said, You're making it so we never meet...

What do you mean by erasing your?

...But we've lost our way.

It means of holes, the lost curses of those who were unfairly slaughtered

This is Matthew, but it's also all of those who

That goes for the other, too

The other

The scale of living things are all part of a cycle

Some are changed and then born again

and some go to a place where no living thing has ever been

but every living thing knows how to find

I want
for you to
erase us.

All of
us have
forgotten
the way.

That's
why...

No, you
can't refuse
us this. You
mustn't.

No!

You
didn't know
any better?
You were
bribeed,
that's
all!

You don't
deserve to
be wiped
out for
this!

If you
leave us now,
all that waits
for us is even
deeper darkness,
a night without
red.

That's
why I
asked
for you.

You're the
only one who
can help us.

No, let
me lead
the way.

Am I not
wasting to
lead you
there?

I am the
big witch
the moon
the time
will come
for me to
go back.

Your
majesty!

With the
wind that blows
power needs
for and wide

...I can
do this if
you lend me
your power,
right?

...and
time to clear
places, as it
should be.

...right.

because to
watch, it's
control over
a certain area
between the
world and
the time.

That's why
we can't leave
you alone to
leave you

what looks
you mortal's
are just so
weak, so in-
teresting,

So imagine
it together
with me.

I'll
help you
leave.

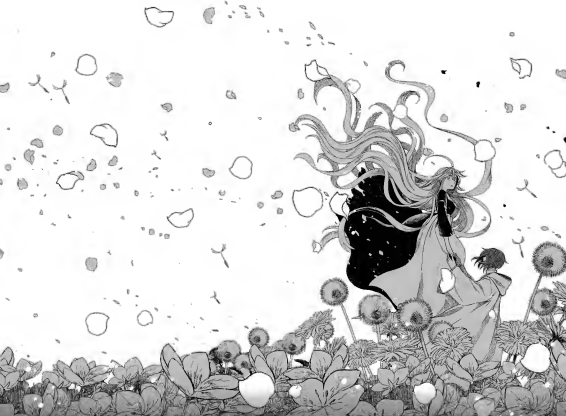

I won't
erase you.

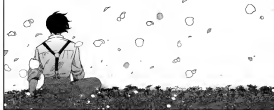

Like the
wind finding
a quiet place to
take rest and
transform.

Like a
decision,
letting the heart
and the mind
become one.

Like the
wind itself,
blowing
where it
will.

There
are many
out there who
are interested
in her...

Be
careful.

He looks
interested!

You haven't
told me any-
thing yet.

Are you
leaving?

And it's
obvious what
you ended up
do with her.

With
that animal
goat. I like
the human
type.

I couldn't
let it fall
into Ake
hands.

No,
it's fine.

...I'm
sorry.

Master

Did
you know
him?

We've had our
disagreements
in the past.

He's a wizard,
famous for
his magic.

Yes, you're
right. Most of
what Winfred
said was true.

...You're
experimenting
to keep
me from
dying?"

If things
go like I'm
hoping, you
won't die.

There
was no
need.

That's why
they fetch
such high
prices.

But living
Slay Vesp
are highly
prized.

Wizards who
find them will
experiment on
them endlessly
until their short
lives come
to an end.

Slay Vesp
are vast stores
of magical
energy.

So why...

...But
Elan...

Not to
worry, you
don't need any
magical power,
do you...

...I'm
incomplete,
you see, I'm
not human, but
I'm not a
faerie, nor
a spirit.

I know the
reasons why
you try, why
you fight, why
you laugh. But
I can't make
them mine.

I can
understand
their thoughts,
but I can't
sympathize
with them.

You were
a child who
had nothing,
who couldn't
leave me even
though I'm
not human.

I thought
you'd leave if
I was married.
Nothing more,
nothing less.

I've lived
a long time,
and seen many
humans come
and go.

but I still
don't under-
stand.

There's
so much
I don't know
about this
world, your
kind.

But the
fact is, I'm
not
afraid.

I may not
be any good
at slowness,
but I'm quite
confident
when it
comes to—

He
wasn't
even
afraid.

If you
don't want
Hera's memories,
I can get
rid of them
for you!

Oh,
that's
right!

Don't.

You don't
have to be
so afraid.

...That also
counted me
first.

This is
the first
time...

We've
waited the
whole night
for so
long...

I'm glad
you seem to
have found
what you
were look-
ing for.

Chia.

Let's go
back to our
home.

Her breathing
is still
steady.
Heartbeat,
too.

Her body
hasn't been
damaged
directly yet.

Waiting
again,
Simon?

Chloe might
have more
potential
than
I thought.

She hasn't woken up since you got back from Ulthar, and that was two whole weeks ago.

I think I'm allowed to be worried.

She'll recover faster out here in the forest, or resting in water, than she would in the village.

She's woken up soon.

She's shut down all but the most basic bodily functions in order to focus on replenishing her lost magical energy.

There's nothing strange about it.

It breaks.

For her
own sake,
if no one
else's.

I can
only help
China's body
remember
how much
water it can
handle.

That's
what
happened.

Well, you
noticed?

...You're
still hiding
something.

Drastic
times call
for drastic
measures,
eh.

I don't want to
tell him if only
got time because China
overstepped her
limits.

It's as cheap

way...

Oh, looking

perhaps?

Your
majesty.

Please do not lower
yourself to the level of
these commoners.

That's the
ruler of
Britain's
right.

She's the
queen of
the fox.

I have no
doubt to

mutual
nobles.

It'll be
taller on us

mouth

What?

you're
the only one
other than my
brother who
could see my

Karin.

ling.

You shouldn't have begun to tangle with this your majesty

people, and
how many
species,
disappeared
because
of him.

Those with

hundreds
of ill fortune.

And it allowed
Luis to see
the shadow

We'll have
so many more
years than that

now on, you
know.

succeeded.

They
will.

Let's go for a walk.

He's teaching me more than I can learn.

Glory!

It seems that
a black dog has
been wandering
around a nearby
church

Minori
The last part

It's long as
you don't bother

Some

Like all
watchdogs,
they're perfectly
safe if you don't
bother them.
Most of them,
that is.

"They
can be
danger-
ous!"

We need
to find out
whether this
black dog is
dangerous
or not.

I
did a few
things a
long time
ago.

So now
they're
keeping
an eye
on me.

Why does
the Church

Ellen,

Come to think
of it.

That weird
school plan is a deferred

What
did you
do to
them?

Confronting
them would be
a pain for both of
us, so sometimes
I take care of little
matters for them,
and they turn
a blind eye
to me.

There's so
many things
I don't know
about him.

Oh...

Oh,
that's right.
I forgot.

...Thank
you.

I thought you

I watched

I see.

I heard
you call for

times.

You must
have really

Her instincts

not the

Wait.

Oh I see.
He takes a

What if

Do you

Why do

...He
wasn't a

I need
him.

This time, Folare has't an option.

But then you may had to go and get rid of it...

Remember that mass of curses in the last? That was supposed to be used as material, too.

He intend my mother to help him gather materials for use in his experiments but Folare thought it was not a good idea.

But in the end, that little bastard got his way and here we are now.

I don't care what happens to me,

as long as I can keep live mine.

Yeah, I don't want a problem with daddy.

So you're in love with him, huh?

Huh?

You're the same as me, aren't you?

We're the same, things from the past dropped up by chance.

But that twisted magic took you to Japan?

I'd never had a happy moment since the day I was born.

But I had a little talent - and that was enough for him to take me under his wing.

but for him, I'd do anything.

I can't say I'm that smart.

Needed to see if he would become a slave

We came to take him at that place over there

Why?

A man, right?

You came to take him?

Well then, it seems to be fine

What's the problem, then?

Why did you two come here today?

It seems he's only recently delivered as a Black Dog.

It seems you still don't fully realize your own situation

Until now he must have not been the wrath of a pet dog, wandering around his master's grave.

I don't
worry much
about him.

He looks
kind of little
and at first
glance...

Heard?

So what
sort of
person is
our mysterious
visitor?

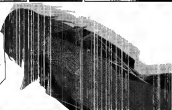

Uhh... No,
I just wasn't
expecting
you to agree
so easily.

Well, it
sounds like
the usual?
You seem
surprised.

But he's the
owner of some
of things in the
castle. I don't see him,
like he's... Worry
anxious.

My cousin
like he doesn't
remember
anything about it,
though... It's
kind of
strange.

So his
cousin
was the one
who attacked
him then...
